I have had some conversation with Mrs St. Clair & some other friends on the subject of an agency ⁱⁿ the great enterprise of saving our country & the slave.

I have just closed my services in the ministry in Del.. Co. - N.Y. & am on a visit among my friends here & at Hampton.

Now if there is a fit & to which the dear brethren of the committee wish to assign me with a compensation that would sustain me & my family (wife & three children) you will find in me a willing servant of the poor weeping slave.

I can find you any testimonials that may be deemed desirable, provided you should have forgotten the humble subscriber - You may remember ^{me} as once
